A HOME-MADE PAPER.

SPOUTSPRING, KY.
SATURDAY, OCT. 22, 1898.

A statement was published in many of the daily papers last Friday in which it is said that General Shafter tried to get Gen. Joseph P. Breckenridge to take command of the army before Santiago while it was being besieged. Gen. Breckenridge however, finally persuaded Shafter to

retain his position, and with new courage and through the advice of others, he renewed the attack instead of retreating as he had decided to do when he tried to get the command onto Gen. Breckenridge. Gen. Breckenridge says he has never given out any such information but still he does not deny the report being true.

Don't be too anxious to display your attainments. Knowledge was never intended to be the servant of vanity.

If the President had said "git" to the Spaniards in Cuba instead of "evacuate" they might probably have understood him.

One of the worst things that can befall a boy is to have the liberty to stay out late at nights. This is too often a fatal privilege, for it is during the night when all mischief is planned and executed. The boys who are permitted the freedom of the streets at all hours of the night are the boys who fill the jails, work-houses and penitentiary and bring great sorrow to their relatives and friends.

The hoodlums—they are not deserving the honorable name of soldiers—who have been engaged in the riotous outbreaks at Lexington, are a disgrace to their own States and to the country. They should be stripped of every vestige of the National Uniforms and drummed out of camp. They are a dirty blot upon what ought to be a bright page of history; and they are largely the sort of cattle who do the "kicking."—Public Ledger.

Is This the Reason.

A friend recently asked us if we had ever seen a bald-headed woman. No, we never did. Nor, did we ever see a woman waltzing around town in her shirt sleeves with a cigar between her teeth, running into every saloon she saw. We never saw a woman go fishing with a bottle in her pocket, sit on the ground all day and go home at night drunk. Nor have we ever seen a woman yank off her coat and swear she could lick any man in town. God bless her, she ain't built that way.—Exchange.

Big Timber Deal.

The big Evans land deal has been duplicated over and over, so we are told by Mr. Chas. E. Smith, the wide-awake land broker, of this county. He has negotiated the sale of 70,000 trees in Eastern Kentucky to Liverpool parties. Mr. Smith is engaged in giving possession, branding the trees at the rate of 1500 per day. This stupendous transaction involves \$125,000. Mr. Smith has made big money out of this deal and expects this to be but a beginning.—Richmond Climax.

Don't ask a woman questions. Give her time and she'll tell you all she knows.

Don't do without things you need to get that you don't want.

Rev. James Howard, of Fox, this county, preached at Corinth church Sunday night. He took for his scripture lesson, first nineteen verses of 22nd chapter of Joshua; text, 1st and 2nd verses of 1st Psalm; Subject, "Who am I?" Ye correspondent, after receiving in his nostril the perfumes of the young men, and seeing the young ladies keeping each other company, thought the subject a very appropriate one, and would say: Dear girls, if the boys don't improve, die old maids, for you can not travel the journey of life with them successfully. I. M. D.

A gift with a string tied to it is a great drawback to charity.

An Old Adage Reads:

"There is a place for everything"

Now for everything to be in its place. The Louisville Dispatch should be in the home of every Democrat in the South. The Dispatch is the people's paper, owned by the people and read by the people. The Dispatch is the only Democratic paper published in Louisville. It stands squarely on the Chicago platform. It is not only in a flourishing condition after eighteen months battling against adverse circumstances, but is to-day the best medium in the South. Its motto—If you see it in the Dispatch it's so; If it's so it is always in the Dispatch, has been fully verified during the American-Spanish war, during which the superiority of its news service has been daily apparent.

The Dispatch news service is furnished by the New York Sun, the Chicago Inter-Ocean, the Northern Press Association and the Leslie Syndicate with an active salaried correspondent in every important city in the world, besides its own staff of over 300 correspondents in Kentucky, Tennessee and Indiana. Get the Dispatch, it gives the news, and tells the truth about it.

The Dispatch is Kentucky's greatest paper. You should be a reader. For the next few weeks we will club with the Weekly Dispatch at the extremely low price of 75 cts.

Our little boy was afflicted with rheumatism in his knees; and at times unable to put his foot to the floor. We tried in vain, everything we could hear of that we thought would help him. We almost gave up in despair, when some one advised us to try Chamberlain's Pain Balm. We did so, and the first bottle gave him much relief that we got a second one, and, to our surprise, it cured him sound and well.—J. T. Bays, Pastor Christian Church, Neodesha, Kan. For sale by J. W. E. M. KING, Sams, Ky.

James Charles happened to a very painful accident Thursday. He was going up stairs at his house and a pair scissors that was hanging under the inclined ceiling over the steps caught in his clothes, but still hung on the nail, and as he went up another step the point of the scissors entered his back and ranged downward to his hip bone, making a very painful but not serious wound.

Three Doctors in Consultation.

From Benjamin Franklin.
"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., Theory) says is best is to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. Death of Mrs. Nettie Daughetee.

Miss Dollie Christopher of this place has received a letter from her brother-in-law telling the sadness of the death of her sister. Through request we publish same. Mrs. Daughetee was well known to all in this community and who will with sorrow read the following:

Valley View, Tex., Oct. 11, '98.
Miss Dollie Christopher,

DEAR SISTER:—I will try to answer your kind letter just received. Nettie is dead.

She was taken with typhoid fever about the 15th of September. I went for a doctor as soon as she was taken, he came to see her once and sometimes twice a day. We did all in our power to save her, but on Saturday morning, Oct. 1, her sweet spirit took its flight to God. Oh, you don't know how sad we feel. She was so kind to me, and, indeed, to everyone, and loved her little ones so tenderly. She never gave me any unkind words, and it seemed so hard to give her up, but the good Lord never makes mistakes, and we meekly bow in submission to his will, and have made up in our mind to meet her where parting will be no more, for we well know her spirit is at rest. I have often thought she was one of the best, kindest and most patient mortals I ever knew and I tried to make life pleasant for her what short time she was with me. I feel I did all in my power for her. She seldom ceased to talk of you all, and wanted to see her father so bad. She was rational till the last and died in my arms, with my name on her lips. Oh, the future seems so dark to me this morning.

Our little ones are not well. Ernest has had fever for several days and I am doing what I can for him.

There has been so much fever here this fall. Joe, my brother, died with the same disease she had, and it was just one month from the time he was laid to rest till she died.

I am so sorry to hear father is in bad health, but we will all soon be called to meet up yonder, so let's be ready at all times. Some of these days we will receive the summons, then what a happy meeting, when we meet with Mother, brother, and Nettie. Oh, I feel I would like to go, and feel I will not have long to wait.

Pray for us, that we may raise our little ones to meet their sweet mother in the beautiful beyond.

Love to all,

Andrew J. Daughetee.

How to Prevent Croup.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. It is a household necessity in this county and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. Nickle, of Nickle Bros., merchants, Nickleville, Pa. For sale by J. W. Dawson & Bro.

One of the most obligingest, politest and best every-way county officials we have seen for some time is county Clerk James F. Harris. We believe, however, upon the whole, that all of our county officers are of the model kind.

A good photograph outfit or a tin type outfit, including tent and everything complete. Anyone wishing to buy, would do well to see me. J. W. Henry. Or for information write this office.

Mt. Sterling Court.

There were between 3,500 and 4,000 cattle on the market. The quality was much better than September court. A good many firstclass feeders for sale, and they sold as high as 4½ cts. Most of them sold at 4 and 4½ cts.; yearlings were out of sight. Some real good ones brought at least 4½ if not 5 c; they sold by the head. Heifers were not so brisk and were 25 cents lower, the best sold at 3 25. Cows at 2 to 3c. Bulls were brisk at 3c. A good many cattle were sold privately last week at good prices, from 4 to 4½ cts., and if the cattle sold last week were counted there were near 5,000 cattle for this market.

No sheep or hogs on the market. Trade was better than last court and more sales were before noon. The pens were not clean by night and a good many cattle left unsold, which will cause a good trade today. A big crowd in attendance from all over the State, and Ohio had some buyers.

HORSE AND MULE MARKET.

The mule market was dull, no big mules for sale. 15½ to 15¾ sold from \$80 to \$100. Yearlings from \$15 to \$30. Most of sales at \$25. One extra yearling at \$40. Horse market very dull few sales and at mean prices.—Mt. Sterling Advocate.
